ADDITIONAL FEATURES

Please list/describe any additional features with may benefit people with disabilities.	<p>Message Reader: A Text-to-Speech tool which allows the user to listen to text messages, multimedia messages, and emails. Text-to-Speech uses the Message Reader application which is build into compatible Series 60 phones. The service is available only for selected phones where the application is pre-installed. Compatible with Nokia E50, E65, E90, N75, 5500 Sport, 5700 XpressMusic, 6110 Navigator, and 6290 phones. It will also be available on the Nokia 6120 Classic in Australia.</p> <p>Magnifier (Psiloc Font Magnifier): In simple terms, Psiloc's Magnifier works like a digital magnifying glass. It is a third party application which can magnify any font on your Series 60 3rd Edition device to any size you choose. The application will be available free* to Australian users from the 'download' section of the menu.</p> <p>* The Magnifier application is free to Nokia 6120 Classic users but network download charges will apply. Users of other Nokia Series 60 devices can download directly from Psiloc's website where normal application licence charges will apply.</p> <p>www.psiloc.com</p>
